

Rabbit Anti-SARS-CoV-2 Spike S1 polyclonal antibody

Catalogue #	A2-358-100
Immunogen Description:	Full length recombinant SARS-CoV-2 Spike S1 produced in CHO-based Icosagen Cell factory Ltd. proprietary suspension cell line
Clonality:	Polyclonal
Class:	IgG
Reactivity:	SARS-CoV-2 Spike S1
Application:	WB
Purification:	Immunogen affinity purified
Buffer:	Ammonium sulphate, saturated (PBS pH 7.4)
Shipping:	This product is shipped in non-frozen liquid form in ambient conditions.
Storage:	Store at +4 °C upon receipt. Do not freeze. As product is (NH ₄) ₂ SO ₄ precipitate, mix well by pipetting or vortex prior use.
